## MEETING

December 3, 2008

---

### **MINUTES**

#### **Utah State Building Board Members in attendance:**

Larry Jardine, Chair  
Steve Bankhead  
Wilbern McDougal  
Mel Sowerby  
Manuel Torres

#### **DFCM and Guests in attendance:**

Gregg Buxton	Division of Facilities Construction & Management
Kurt Baxter	Division of Facilities Construction & Management
Shannon Elliott	Division of Facilities Construction & Management
John Harrington	Division of Facilities Construction & Management
Lynn Hinrichs	Division of Facilities Construction & Management
Bruce Whittington	Division of Facilities Construction & Management
Jeff Wrigley	Division of Facilities Construction & Management
Alan Bachman	Attorney Generals Office/DFCM
Kimberly K. Hood	Department of Administrative Services
Steven Allred	Legislative Fiscal Analyst Office
Jerry Jensen	Corrections
Greg M. Peay	Corrections
Alyn Lunceford	Courts
Kim Wixon	Department of Health
Keith Davis	Department of Human Services
Kent Beers	Department of Purchasing
Christine Coutts	Architectural Nexus
Sarah Parris	BNA Consulting
Robert Reed	Cameron Construction
Keith Stepan	General Public
Curtis Clark	GSBS Architects
Lauren Yant	GSBS Architects
Jennifer Smith	MHTN Architects
Jackie McGill	Spectrum Engineers
Bob Askerlund	Salt Lake Community College
David F. Tanner	Southern Utah University
Ben Berrett	Utah State University

Troy Caserta  
Jim Michaelis

Utah System of Higher Education  
Utah Valley University

On Wednesday, December 3, 2008, the Utah State Building Board held a regularly scheduled meeting in C445 of the Utah State Capitol, Salt Lake City, Utah. Chair Larry Jardine called the meeting to order at 9:00am.

**APPROVAL OF MINUTES OF OCTOBER 16, 2008 .....**

Chair Jardine sought a motion on approval of the meeting minutes for the meeting held October 16, 2008.

**MOTION: Wilbern McDougal moved to approve the Building Board meeting minutes of October 16. The motion was seconded by Steve Bankhead and passed unanimously.**

**AMENDMENTS TO RULE R23-19 .....**

Alan Bachman stated Rule R23-19 pertained to standards for space heaters. The amendment was previously brought before the Board and DFCM was authorized publication with the Division of Administrative Rules. With no comments received during the 30 day public comment period, DFCM recommended the Board authorize the rule to become effective.

**MOTION: Steve Bankhead moved to approve the amendments proposed to Rule R23-19 and allow the rule to become effective. The motion was seconded by Manuel Torres and passed unanimously.**

**MODIFICATION TO TESTING STANDARD.....**

In the current Design Standards, DFCM requires concrete cylinder testing on every pour of concrete that is structural in nature regardless of the size of the building. This is very expensive for some smaller, remote projects in relation to the project size. DFCM proposed to somewhat relax the standard to allow it to meet the requirements in the code which don't require structural concrete testing in every location. This is recommended as an amendment to the Design Standards to help save costs on these projects.

**MOTION: Wilbern McDougal moved to approve the amendment to the Design Standards. The motion was seconded by Steve Bankhead and passed unanimously.**

**ENERGY EFFICIENCY REVOLVING LOAN FUND.....**

Two months ago, DFCM presented rules to the Board that were written as a follow up to HB198 which gave DFCM \$3.65 million worth revolving loan funds to allocate for energy

efficiency projects throughout the state. DFCM has since gone through the Administrative Rules process and did not receive any public comment on the rules. DFCM requested final approval to proceed with projects under the direction of the Building Board.

**MOTION: Manuel Torres moved to allow DFCM to file a notice of effective date and proceed with energy efficiency projects. The motion was seconded by Mel Sowerby and passed unanimously.**

**☐ DEPARTMENT OF HUMAN SERVICES, DIVISION OF JUVENILE JUSTICE SERVICES, DECKER LAKE FACILITY ENERGY EFFICIENCY REVOLVING LOAN FUND APPROVAL .....**

John Harrington, DFCM, explained that the Building Board is required to approve every application for projects proceeding through the Energy Efficiency Revolving Loan Fund. The first project requiring approval is a lighting upgrade project at the Decker Lake facility. This will enhance the environment and save considerable energy savings throughout the facility.

Incentives from Rocky Mountain Power will pay back about 80% through credits on the utility bills. The total project would cost \$21,966 and the projected annual cost savings would be \$4,282. The estimated incentive back would be \$17,570 over 1.03 years, which is a great investment for the state.

The full \$3.65 million of the Energy Efficiency Revolving Loan fund has been committed. DFCM is actively looking at the best paybacks for the projects with the greatest benefit to the state.

John Harrington clarified that HB198 allows agencies to keep the energy savings and pay back the state through those savings. Future energy savings are kept by the agency and used to fund other energy projects within their agencies. Once all energy projects have been completed by the agency, the savings then return to the state. The loan will be structured so it is repaid as the savings is accrued.

**MOTION: Manuel Torres moved to approve the Department of Human Services, Division of Juvenile Justice Services, Decker Lake Facility Energy Efficiency Revolving Loan Fund Application. The motion was seconded by Mel Sowerby and passed unanimously.**

Jeff Wrigley was introduced as a new employee of DFCM who will be working with the Energy staff of the various projects.

**☐ FY2009 CAPITAL IMPROVEMENT PROJECTS ON HOLD DUE TO BUDGET CUTS .....**

DFCM recommended that the Building Board cut the construction budgets of some of FY 2009 Capital Improvement projects as a result of Legislative action taken during the 2008 Special Session (budget cuts).

During the 2008 Special Session, the Legislature cut FY 2009 Capital Improvement funding by \$15,000,000. DFCM identified \$15,000,000 in projects that can move forward with design but delay construction until next spring. Under this approach, \$15,000,000 will be cut from the construction budgets of various FY 2009 projects. Construction funding for these projects will be restored as the top priority for the FY 2010 Capital Improvement funding allocation by the Building Board. Once construction funding for the FY 2009 Capital Improvement projects has been restored, the remaining FY 2010 Capital Improvement funds will be allocated by the Building Board based on agency/institution share and need. A list of the various projects affected by the budget cuts was distributed at the meeting, including those projects cut at the University of Utah and Utah State University.

**MOTION: Steve Bankhead moved to approve the FY2009 Capital Improvement projects on hold due to budget cuts. The motion was seconded by Manuel Torres and passed unanimously.**

**ADMINISTRATIVE REPORT FOR UTAH STATE UNIVERSITY .....**

Ben Berrett, USU, provided the administrative report for the period of August 20 to November 12, 2008. There were 19 professional contracts and 28 construction contracts issued for the period. Mr. Berrett noted that the Tooele Classrooms Addition project is an addition to the Tooele regional campus. USU has a cooperative agreement with Tooele County for this project who is providing \$1.2 million towards the construction of the facility for the purpose of meeting the growing need for higher education opportunities for the residents of Tooele County.

There was a transfer of \$68,180 from the Contingency Reserve fund for the tennis court relocation. This was to provide underground electrical conduit for future lighting to the tennis courts, and to construct a concrete storage building. There were two projects closed adding \$32,226.57 to the Project Reserve Fund.

Of USU's 75 projects, 10 are now complete, 22 are substantially complete, 34 are under construction, five are in the design/study phase, and four are pending.

**MOTION: Manuel Torres moved to approve the administrative report for Utah State University. The motion was seconded by Steve Bankhead and passed unanimously.**

**ADMINISTRATIVE REPORTS FOR DFCM.....**

Kurt Baxter provided the DFCM administrative report for the period of September 18 to November 13, 2008. There were 68 architect/engineering agreements awarded and 73 construction contracts awarded for the period.

Steve Allred asked about the USTAR and CUCF transfers to the Contingency Reserve Fund. Lynn Hinrichs stated the large transfer amounts were due to DFCM accounting taking the budget from the funding and placed it in reserve prior to the project initiating so that DFCM has funds to draw from for change orders in the future.

**ADMINISTRATIVE REPORT FOR UNIVERSITY OF UTAH .....**

Kenneth Nye provided the administrative report for the period of August 22 to November 14, 2008. There were 11 design agreements, five study agreements, and 15 remodeling contracts awarded for the period.

The Carlson Hall Remodel was a contract for \$238,000 which was bid to three firms without advertising because the unique time constraints of the project did not allow sufficient time for advertising. This space had to be remodeled for a changed use in a very short time frame in order to meet operational requirements.

There were two decreases to the Contingency Reserve fund including one for the HEB stairway replacement in the amount of \$35,000 to cover part of the additional costs for completing the project that resulted from the initial general contractor going bankrupt. There was also a transfer of \$3,298.96 for the Student Services Building Fire Detection System to address an unknown condition where the existing electrical wiring did not meet code requirements.

**MOTION: Mel Sowerby moved to accept the administrative report for the University of Utah. The motion was seconded by Manuel Torres and passed unanimously.**

**SOUTH CAMPUS HOUSING PHASE I OTHER FUNDS REQUEST .....**

Michael Perez, University of Utah, stated at the October Board meeting, the University brought forward the South Campus Housing as an other fund project. Although much of the scope had not been determined, the University identified the need for housing in an area just north and east of the Annex building on campus. The University agreed to return to the Board with more information.

The original project scope was valued at approximately \$72 million and that was based on 310 beds on three levels above a parking deck. Since then, the University further developed the scope and determined to remain at 310 beds but with reduced parking. The current scope is a \$48 million project includes 286,000 sq. ft. of new space with 136,000 sq.ft. allocated for apartments and 150,000 sq.ft. for parking deck. The University anticipates this to be a 30 year revenue bond with the revenue covering the debt service.

There will be no state O&M and no request of state funds for the construction of the project. The University will request approval of the bonding through the Building Board and the Legislature in this session.

**MOTION: Wilbern McDougal moved to approve the South Campus Housing Phase I Other Funds Request and include it with the other funds projects to be submitted to the Legislature. The motion was seconded by Manuel Torres and passed unanimously.**

**UNIVERSE PROJECT OTHER FUNDS REQUEST (CLOSED SESSION RELATED TO REAL PROPERTY ISSUES).....**

**MOTION: Mel Sowerby moved to enter into a closed session to discuss real property issues. The motion was seconded by Steve Bankhead and passed unanimously.**

**MOTION: Steve Bankhead moved to exit the closed session. The motion was seconded by Mel Sowerby and passed unanimously.**

It was determined no further action was required as a result of the closed session.

**ADJOURNMENT .....**

**MOTION: Manuel Torres moved to adjourn the Building Board meeting at 11:01am. The motion was seconded by Steve Bankhead and passed unanimously.**

## MEMORANDUM

To: Utah State Building Board  
From: David G. Buxton *DGB*  
Date: January 7, 2009  
Subject: **Long Term Lease Request for Department of Corrections, Division of Adult Probation and Parole, and the Department of Public Safety, Utah Highway Patrol**

---

### Recommendation:

DFCM recommends that the Board approve the request for a 10-year lease with one 10-year renewal option for the Department of Corrections, Division of Adult Probation and Parole, and the Department of Public Safety, Utah Highway Patrol as described in the attached documents.

### Background:

The statute that requires Building Board approval of long term leases is contained in subsection 63A-5-302(2) and is repeated below.

- 2) *The director may:*
  - (a) *subject to legislative appropriation, enter into facility leases with terms of up to ten years when the length of the lease's term is economically advantageous to the state; and*
  - (b) *with the approval of the State Building Board and subject to legislative appropriation, enter into facility leases with terms of more than ten years when the length of the lease's term is economically advantageous to the state.*

DGB: SLE

December 2008

## LONG TERM LEASE REQUEST

DEPARTMENT OF CORRECTIONS, ADULT PROBATION AND PAROLE  
DEPARTMENT OF PUBLIC SAFETY, UTAH HIGHWAY PATROL

**ADDRESS:** 1500 SOUTH HIGHWAY 89, MANTI, UTAH

**LOCATION:** SANPETE COUNTY

**TYPE OF SPACE:** OFFICE SPACE

**LENGTH OF LEASE:** TEN (10) YEAR LEASE TERM WITH ONE (1) TEN YEAR RENEWAL OPTION

**COST:** COST IS \$14,756 PER YEAR

**JUSTIFICATION:** THIS IS A NEW BUILDING THAT IS REPLACING EXISTING SPACE THAT IS CURRENTLY LEASED FROM THE COUNTY. THE CURRENT LOCATION, THE OLD COURTHOUSE, IS GOING TO BE REMODELED AND USED FOR COUNTY OFFICES. THE CONTINUATION OF THIS RELATIONSHIP IS BENEFICIAL BOTH TO THE STATE AND TO THE COUNTY BY HOUSING ALL PUBLIC SAFETY FUNCTIONS IN THE SAME LOCATION.

## MEMORANDUM

To: Utah State Building Board  
From: David G. Buxton   
Date: January 7, 2009  
Subject: **Reallocate Unallocated Roofing Funds to Facility Maintenance Audit Program**

---

### Recommendation

DFCM recommends that the Building Board reallocate \$200,000 from the Emergency Roofing Account to DFCM Emergency Hazmat Account.

### Background

DFCM has had several projects in FY 2009 with unknown Hazmat conditions that have required the use of Emergency Hazmat Funds. We currently we have projects that need to be abated and need additional funds. After reviewing our construction accounts we recommend transferring funds from Emergency Roofing Account.

## MEMORANDUM

To: Utah State Building Board  
From: David G. Buxton   
Date: January 7, 2009  
Subject: **University of Utah Universe Project, Other Funds Project**

---

The University of Utah requests that the Building Board add this project to their list of recommended Other Funds Projects for consideration by the Legislature.

The University presented conceptual information about this project at the October 16 Building Board meeting. In the subsequent board meeting on December 3rd, the University provided additional details in a closed session due to the status of negotiations with the preferred developer. The University will provide information publicly regarding the proposed development at the January 7 meeting, enabling the Building Board to take action on this request.

As background, this project consists of a proposal to lease University ground adjacent to Rice Eccles Stadium to a private developer who would construct a Transit Oriented Development that supports the mission of the University. In return, the developer will construct space and a parking structure for the University. The University has selected Inland American Communities Group, Inc. as the preferred developer.

For Administrative Services

## MEMORANDUM

To: Utah State Building Board  
From: Kenneth Nye  
Date: December 15, 2008  
Subject: **Administrative Reports for University of Utah**

The following is a summary of the administrative reports for the University of Utah:

### **Professional Services Agreements** (Page 1)

The Professional Services Agreements awarded during this period consist of:  
2 Design Agreements, 0 Programming/Planning Agreement, 2 Study/Other Agreements.

#### Item 2, Physics Department Renovation Phase I

This design agreement was awarded to NJRA Architects without going through a selection process. The amount of the agreement is small enough as to not require a selection process under DFCM's requirements. NJRA had done previous work directly related to this project which provided further justification for not doing a selection.

### **Construction Contracts** (Page 2)

The Construction Contracts awarded during this period consist of:  
0 New Space Contracts, 3 Remodeling Contracts, 0 Site Improvement Contracts.

No significant items.

### **Report of Project Reserve Fund Activity** (Page 3)

Increases: None.

Decreases: None.

### **Report of Contingency Reserve Fund** (Page 4)

Increases:

The budgeted amounts for FY09 projects has not yet been included in this report as we have not yet received this funding from DFCM. It is anticipated that these will be reported next month.

#### Project #20000, HEDCO Fume Hood Upgrade.

The primary purposes for this draw of \$39,435 were to remove an existing fume hood that was determined to no longer be needed or viable and the replacement of ceilings and lighting fixtures following asbestos abatement.

#### Project #20001, MEB Fume Hood Upgrade.

This transfer of \$194,634 is primarily to cover the cost of abating hazardous materials that exceeded the original expectations. As construction proceeded, a number of unexpected instances were encountered where the following hazardous materials had to be abated: lead, polychlorinated biphenyls (PCB), ammonium fluoride, asbestos, and arsenic. In another area, it was originally planned leave some asbestos containing material in place but subsequently it was determined that this material had to be removed as part of the project.

#### Project #12866, Park Building Exterior Restoration.

This transfer of \$130,617.90 covers the cost of abating hazardous materials that were not anticipated. This includes lead paint in the attic and asbestos in the roofing material, attic and basement that were not detected in the survey

#### **Associate Vice President Facilities Management**

1795 East South Campus Dr Rm 219

Salt Lake City, UT 84112-9404  
(801) 581-6510  
FAX (801) 581-6081

which was done before the project began. We anticipate that, upon completion, the total draws from contingency will be close to the amount that was budgeted.

Decreases:

Dear Gregg:

SUBJECT: USU Administrative Reports for January 2009 Building Board Meeting

The following is a summary of the administrative reports for USU for the period 11/12/08 to 12/11/08:

**Professional Contracts, 1 contract issued** (Page 1)

No significant items.

**Construction Contracts, 3 contracts issued** (Page 2)

No significant items. Comments are provided on the report.

**Report of Contingency Reserve Fund** (Page 3)

Three projects have been identified to be put on hold due to the FY09 budget cuts. These are the Water Lab Fume Hood Upgrade, Eccles Conference Center/Business Walkways, and Natural Resources Siding. Previous transfers to the Contingency Reserve have now been reversed to reflect the cuts. The design for the Water Lab project is still being completed; Phase I of the Natural Resources Siding is being done; and the Walkways project has entirely been put on hold.

**Report of Project Reserve Fund Activity** (Page 4)

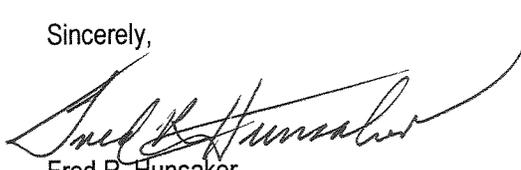

No change from previous report.

**Current Delegated Projects List** (Pages 5-6)

Of USU's 66 current projects, 5 are in the Design/Study phase, 34 in Construction, 23 Substantially Complete, 1 on Hold, and 3 Pending.

Representatives from Utah State University will attend the Building Board meeting to address any questions the Board may have.

Sincerely,

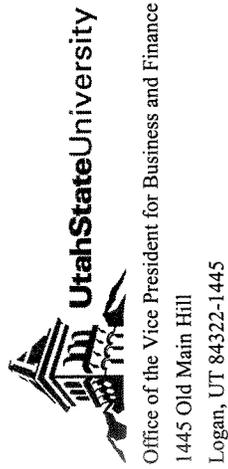

Fred R. Hunsaker  
Interim Vice President for  
Business and Finance

## MEMORANDUM

To: Utah State Building Board  
From: David G. Buxton   
Date: January 7, 2009  
Subject: **Administrative Reports for DFCM**

---

The following is a summary of the administrative reports for DFCM.

### **Lease Report** (Pages 1 - 3)

No significant items

### **Architect/Engineering Agreements Awarded, 12 Agreements Issued** (Page 4)

No significant items

### **Construction Contracts Awarded, 16 Contracts Issued** (Pages 5 – 6)

Item #2, Draper Prison Olympus/Promontory Facilities Fire Alarm Improvements  
Director Buxton approved this vendor on a sole source basis to match existing equipment

Item #5, Draper Prison Oquirrh 5 Dorm Security Doors Improvements

Item #12, SUU Randall Jones Theater Lighting Upgrade

Project Reserve funds were used to cover this contract which bid over budget.

### **Report of Contingency Reserve Fund** (Page 7)

#### Increases

Increases from Budgeted Contingency

#### Decreases, New Construction

Utah State Developmental Center New Housing Units

This transfer of \$501,120 covers change order #7. This change order was formed over a period greater than one year, a period of time including a unilateral change order #6 for a portion of the liquidated damages and a 10-day Notice of Default to the bonding company. This change order is intended to resolve all of the known disputed money issues between the contractor and DFCM. This change order consists of numerous DFCM scope changes including; shared cost for extending the high voltage line from RMP to Bldgs 1,2, 3, additional hinge required for durability, changes required by the State Health Department review after bidding, additional gas line work to enable single point of gas metering, compromise settlement for backfill material,

mechanical storage rooms remodel for equipment change, removal of cabinet as required by county health for handicapped access, additional handheld shower required by State Health inspector, and the addition of accessible grid ceiling to comply with fire marshal requirements.

**Report of Contingency Reserve Fund Continued** (Page 7)

Decreases, New Construction Continued

Salt Lake County Joint Drivers License/DMV Building

This transfer of \$34,488 covers change order #11 for DFCM scope changes for HVAC controls upgrade, add fence to protect wanderers from going over the retaining wall, and additional panic hardware per final inspection requirements.

Unified Lab Facility

This transfer of \$31,326 covers change order #5 for omissions to add a dock leveling bridge for adequate truck delivery access, steel platforms on concrete piers changes, additional cost to modify the steel shop drawings, add a hand washing sink in the vivarium, and an unknown condition to add more electrical service conduit to revised service location for RMP.

Decreases, Remodeling

**Report of Project Reserve Fund Activity** (Page 8)

Increases

These items reflect savings on projects that were transferred to Project Reserve per statute.

Decreases

St. George New Courthouse

This transfer of \$257,736 was to award the final bid package on this project.
