Rocky Mountain DX AC System Form

DFCM strives to incorporate energy efficiency into all projects to provide the lowest cost for building operations to the state of Utah. The A.C. unit will meet the minimum Rocky Mountain Power efficiencies for incentives as outlined in the specifications. **All other bids for different brands of equipment will meet the RMP requirements or what was specified on the plans.** The selected contractor is responsible for providing all supporting documentation to DFCM to collect all rebates and incentives applicable. Please email all documentation to Chris Ottley Energy Program Specialist (Contact details below).
