

REQUIREMENTS FOR APPROVAL AS A STATE OF UTAH (DFCM)

STRUCTURAL STEEL FABRICATOR and MANUFACTURER and/or STEEL BUILDING FABRICATOR/MANUFACTURER.

To be on the DFCM approved fabricators list the Fabricator/Manufacturer shall provide the following to the Building Official for the State of Utah in electronic form preferably by e-mail:

Each application, application for new approval or for renewal, is to be accompanied with a cover letter containing the following:

- The name on the company;
- The location of the company headquarters;
- The location of the fabrication shop or shops;
- Type of fabrication approval being requested;
- The name of the company and/or fabrication shop contact person;
- Applicable phone numbers;
- Fax number;
- The e-mail address of the contact person.

Applications which are not accompanied with the above information will not be considered.

NEW FABRICATION SHOP

1. Submit a electronic copy of a current certificate of approval from at least one of the following organizations for each shop location being applied for:
 - IAS: International Accreditation Service;
 - AISC: American Institute of Steel Construction;
 - CCDDS-BD: Clark County Department of Development Services-Building Division;
 - CWB: Canadian Welding Bureau;
 - ICC-ES: International Code Council Evaluation Service;
2. Submit an electronic copy of the Quality Control Manual .
3. Submit copies of licenses for welders and quality control inspectors employed by the company.

Approved fabrication approval is site specific. Multiple sites for a fabricator can be approved provide the above is submitted for each site.

FABRICATION SHOP RENEWAL

(If your company has been removed from the approved fabricators list this section does not apply. To check your status see

<https://dfcm.utah.gov/building-official/fabricators/>)

- Submit a current certificate of approval from one of the following organizations for each shop location:

- IAS: International Accreditation Service;
- AISC: American Institute of Steel Construction;
- CCDDS-BD: Clark County Department of Development Services-Building Division;
- CWB: Canadian Welding Bureau;
- ICC-ES: International Code Council Evaluation Service;

- ❖ **All Fabricator/Manufacturer which meet the above requirements will be placed on the approved Fabricator list with an expiration date coinciding with the expiration date of the Certification of the approved organization.**
- ❖ **All approvals are site specific. If multiple shops are to be approved the above must be submitted for each shop location. Only one quality control manual is required per company unless each shop has a site specific one.**
- ❖ **The Approved Fabricator list will be updated at the beginning of each month.**
- ❖ **Companies which have not provided the updated renewal information will be removed from the list.**
- ❖ **Companies with expiration dates falling within the month are considered removed upon the expiration date.**
